GENERAL INDEX

ADAMS, D. and DIPPY, J.: Oral ulceration and lymphocyte reactions in rheumatoid-arthritis patients on gold therapy, 248
AKBAR, F. A., *see* Burke, M. J., joint-author
Alclofenac, long-term effects, 228
——, specificity, 224
ALDERMAN, W. W., *see* Barraclough, D., joint-author
ALLEN, M., *see* Chamberlain, M.A., joint-author
Animal models, development for penicillamine-like drugs, 207
—— ——, 'specific therapy' for rheumatoid arthritis in, 201
Ankle loading and football boots, 194
Ankylosing hyperostosis with cervical spinal cord compression, 67
ARRIGONI-MARTELLI, E. and BRAMM, E.: Development of models for penicillamine-like drugs, 207
Arthritis, rheumatoid, colitis and death following gold therapy, 248
——, ——, cyclophosphamide, gold and penicillamine in, 217
——, ——, dapsone in, 230
——, ——, early, incidence of joint involvement in, 92
——, ——, effect of low doses of prednisolone on, 17
——, ——, —— on the social situation of housewives, 156
——, ——, evidence that D-penicillamine alters the course, 211
——, ——, great toe as a clinical problem in, 143
——, ——, hinge arthroplasty of the knee, 280
——, ——, inhibition of secondary osteophyte formation in, 10
——, ——, micro-encapsulated and enteric-coated aspirin in, 77
——, ——, oral ulceration and lymphocyte reactions on gold therapy, 248
——, ——, pathogenesis and mode of action of various drugs, 239
——, ——, rehabilitation of non-walkers, 287
——, ——, specific therapy for (Editorial), 133
——, ——, —— —— —— (Symposium), 201
——, ——, —— —— —— in new and conventional animal models, 201
Articular cartilage, effect of indomethacin on, 26
Aspirin, effects of antacids on enteric-coated, 148
—— in rheumatoid arthritis, a trial of micro-encapsulated and enteric-coated, 77
——, occult gastrointestinal bleeding due to, comparison of two compounds, 31
Auto-immune disease, 1
AYLWARD, M.: Is alclofenac specific? 224

BALME, H. W., *see* Gibson, T., joint-author
——: Rheumatology at St. Bartholomew's Hospital (Editorial), 131
BARNES, R. M. R., *see* Keat, A. C., joint-author
BARRACLOUGH, D., ALDERMAN, W. W. and POPERT, A. J.: Rehabilitation of non-walkers in rheumatoid arthritis, 287
BERRY, D. J., *see* Haslock, I., joint-author
Biochemical disorders, inherited, and uric acid metabolism, review of book on, 307
BJARNASON, D. M., *see* Swezey, R. L., joint-author
BRAMM, E., *see* Arrigoni-Martelli, E., joint-author
BURKE, M. J., AKBAR, F. A. and WRIGHT, V.: A controlled trial of the analgesic effects of floctafenine against placebo in osteoarthrosis, 97
BURKINSHAW, L., *see* Haslock, I., joint-author
BURRY, H. C., *see* Dieppe, P. A., joint-author; *see also* Gibson T., joint-author; *see also* Macfarlane, J. D., joint-author
BURT, H. A., Obituary, 126
BUTLER, M., *see* McConkey, B., joint-author

CANTRELL, E.: Measurement of weakness and dysfunction in the rheumatoid hand, 182
CHAMBERLAIN, M. A., *see* Firth, D., joint-author
——, ALLEN, M. and JOHNSON, G.: New system for evaluating quadriceps muscle force, 179
—— and KEENAN, J.: The effect of low doses of prednisolone compared with placebo on function and on the hypothalamic pituitary adrenal axis in patients with rheumatoid arthritis, 17
Chloroquine: a review, 235
Chondrocalcinosis articularis, idiopathic, spinal changes in, 138
CLARKE, G. R.: Measurement in shoulder problems, 191
CLARKE, M., *see* Rossouw, J. E., joint-author
Colitis and death following gold therapy, 245
Communication equipment for the disabled, review of book on, 127
Connective tissues—biochemistry and pathophysiology, review of book on, 128
CONSTABLE, T. J., *see* McConkey, B., joint-author
COOMES, E. N., ELLIS, R. M. and KAY, A. G.: A prospective study of 102 patients with the polymyalgia rheumatica syndrome, 270
CORBETT, M., *see* Fleming, A., joint-author
CROCKSON, A. P., *see* McConkey, B., joint-author
CROCKSON, R. A., *see* McConkey, B., joint-author
CROWN, J. M., *see* Fleming, A., joint-author
CURREY, H. L. F.: Clinical aspects of rheumatoid arthritis: specificity and mode of action of immunosuppressives, 221
Cyclophosphamide, gold and penicillamine in rheumatoid arthritis, 217

Dapsone in rheumatoid arthritis, 230
DAVIES, P., *see* McConkey, B., joint-author
DAVIS, M., *see* Rossouw, J. E., joint-author
DAVIS, P. and JAYSON, M. I. V., Serological changes in progressive systemic sclerosis, 45
Deskoval and aspirin compared, with regard to occult gastrointestinal bleeding, 31
DIEPPE, P. A., *see* Willoughby, D. A., joint-author
——, BURRY, H. C., GRAHAME, R. and PERERA, T.: Sulindac in osteoarthrosis of the hip, 112
——, WILLOUGHBY, D. A., STEVENS, C., KIRBY, J. D. and HUSKISSON, E. C.: 'Specific therapy' for rheumatoid arthritis in new and conventional animal models, 201
DIPPY, J., *see* Adams, D., joint-author
——, PRITCHARD, M. H. and LLOYD, K. N.: A trial of microencapsulated and enteric-coated aspirin in rheumatoid arthritis, 77
Disability, assessment after head injury, 168
——, —— of, in the geriatric patient, 59
Disabled children, swimming for, review of book on, 307

Disabled, communication equipment for the, review of book on, 127
—— parenthood, review of book (*Early Years*) on, 243
Disablement, assessment of, in the paediatric patient, 65
DIXON, A. St. J., *see* Jacoby, R. K., joint-author
DONOVAN, B., *see* Haslock, I., joint-author
DOWSON, D., *see* Johnson, G. R., joint-author

Early years, review of book on, 243
Electromyographer, anatomic guide for, review of book on, 56
ELLIS, R. M., *see* Coomes, E. N., joint-author
Equipment for the disabled—communication, review of book on, 127
EVANS, C. D.: Assessment of disability after head injury, 168
Exercise therapy, a pocket book of, review of book on, 55
Exercises, an introduction to pool, review of book on, 53

Femoral-head height loss, 264
Femoral head, progressive destruction in association with familial hypercholesterolaemia, 277
Feprazone, gastrointestinal blood loss on phenylbutazone and, 108
——, some studies of, 81
FIRTH, D., WRIGHT, V. and CHAMBERLAIN, M. A.: Assessment of the value of health visitors in the rehabilitation team, 188
Fistula formation in association with septic arthritis of the sternoclavicular joint, 292
FLEMING, A., CROWN, J. M. and CORBETT, M.: Incidence of joint involvement in early arthritis, 92
Floctafenine, a controlled trial of the analgesic effects of, against placebo in osteoarthrosis, 97
Fracture, lower limb, measurement of progress after, 167

GARRETT, T. K.: BXL Plastazote: a useful aid in both treatment and rehabilitation, 283
Gastrointestinal blood loss, occult, due to aspirin: comparison of two compounds, 31
—— —— —— on phenylbutazone and feprazone, 108
GIBSON, T., HUSKISSON, E. C., WOJTULEWSKI, J. A., SCOTT, P. J., BALME, H. W., BURRY, H. C., GRAHAME, R. and HART, F. D.: Evidence that D-penicillamine alters the course of rheumatoid arthritis, 211
—— and SCHUMACHER, H. R.: Ankylosing hyperostosis with cervical spinal cord compression, 67
GILAT, T., *see* Siegman-Igra, Y., joint-author
GILCHRIST, I. C.: Psychiatric and social factors related to low-back pain in general practice, 101
GLANVILLE, H. J.: Symposium on teaching rheumatology and rehabilitation: objectives, 35
Gold, cyclophosphamide and penicillamine in rheumatoid arthritis, 217
—— therapy, colitis and death following, 245
—— ——, oral ulceration and lymphocyte reactions, 248
GOODWILL, C. J.: Measurement in rehabilitation: methods available so far, 161
GOULD, W. A., *see* Strickland-Hodge, B., joint-author
GRAHAME, R., *see* Dieppe, P. A., joint-author; *see also* Gibson, T., joint-author; *see also* Macfarlane, J. D., joint-author
Great toe as a clinical problem in rheumatoid arthritis, 143
GUMPEL, J. M.: Cyclophosphamide, gold and penicillamine—disease-modifying drugs in rheumatoid arthritis—tailored dosage and ultimate success, 217

HALL, M. R. P.: The assessment of disability in the geriatric patient, 59
HAMILTON, E. A., STRANGE, T. and LUKER, C.: Modification of Standard 8BL Chair for the use of double amputees, 24
HAMILTON, E. B. D., *see* Richards, A. J., joint-author
Hand, principles and techniques of simple splint-making in rehabilitation, 305
——, rheumatoid, measurement of weakness and dysfunction in, 182
Handicapped people, interview surveys of, 295
HART, F. D., *see* Gibson, T., joint-author
HASLOCK, I., *see* Strickland-Hodge, B., joint-author
——: Long-term effects of alclofenac, 228
——, BURKINSHAW, L., BERRY, D. J., DONOVAN, B. and WRIGHT, V.: Some studies of feprazone, 81
—— and YUNG, P.: Visual-analogue pain scales in the rehabilitation department, 197
Head injury, assessment of disability after, 168
Health visitors, value in rehabilitation team, 188
HERNÁNDEZ, L. A., WATSON, J. D. and STURROCK, R. D.: Septic arthritis of the sternoclavicular joint: complicated by fistula formation, 292
Hip degeneration, femoral-head height loss in, 264
HL-A 27-Associated arthritis, 87
HUSKISSON, E. C., *see* Dieppe, P. A., joint-author; *see also* Gibson, T., joint-author; *see also* Willoughby, D. A., joint-author
——: Measurement in rehabilitation (Editorial), 132
——: Specific therapy for rheumatoid arthritis (Editorial), 133
——, JONES, J. and SCOTT, P. J.: Application of visual-analogue scales to the measurement of functional capacity, 185
Hypercholesterolaemia, familial, in association with destruction of the femoral head, 277

IMMS, F. J., *see* Jenkins, D. G., joint-author
——: Measurement of progress after lower limb fracture, 167
Immunoglobulin synthesis, suppression and stimulation of, by agents present in rheumatoid synovial effusions, 71
Immunosuppressives, specificity and mode of action in rheumatoid arthritis, 221
Indomethacin, suppressing effect on articular cartilage, 26

JACOBY, R. K. and JAYSON, M. I. V.: The organ culture of adult human articular cartilage, from patients with osteoarthrosis, 116
——, VIDIGAL, E., KIRKUP, J. and DIXON, A.St.J.: The great toe as a clinical problem in rheumatoid arthritis, 143
JAYSON, M. I. V., *see* Davis, P., joint-author; *see also* Jacoby, R. K., joint-author
